

Hello RES Family Members! The day is finally here for you to pick up your child/children's items at school. Upon arriving to the school you will need to look at which door to go to. We have divided up the items as such:

Four entry points in front of the school:

Door #1 - Two doors to the right of the main door (closest to the parking lot)
Last names beginning with A to G

Door #2 - One door to the right of the main door.
Last names beginning with H to M

Door #3 - Main door
Last names beginning with N to S

Door #4 - One door to the left of the main door (closest to the bus loading zone)
Last names beginning with T to Z

All doors will be clearly marked with signs stating the letters.

Outside, it will be clearly marked as to which door the parents will need to go to as well as clear markings to continue safe distancing while waiting in line.

If it rains we will have more than one person come in but come prepared to wait outside due to the limited space inside.
